No. G. C. 4724 of 20.5.1922.

With refree to SL 3 supra forwards
a copy of further representation
made by Mr Alderton and recommends
to ~~grant~~ ^{the grant of} the full period of the
leave at his credit viz ~~1 year, 3 months~~
~~and 20 days combined leave~~ with effect
from 20th September 1922, and recom-
mends ~~also~~ that the work of the Supdt
~~may~~ ^{may} be divided as between the 2

be paid suitable allowances for the
extra duties.

is one year, five months & fifteen days of
which 2 months & 23 days will be privilege leave

tificate of 24.3.22.

Subd. - Mr Alderton wants 1 year
and 4 months combined leave.

28) It is for order whether in the special
circumstances of the case, the full amount of leave
allowed for, may be granted.

29) Mr Alderton please note ~~the~~ ^{the}
in the actual arrangements proposed?

Serial
No.

30) The acting arrangements proposed namely that of dividing the work of the ~~absent~~ Superintendents on leave between the two Assistants and giving each a suitable allowance is open to several objections.

31) Firstly the work of the Superintendent as head of the institution is that of co-ordinating and supervising the entire work of the institute and is more administrative than tutorial. It seems to be impracticable to divide these administrative duties of the Superintendent between two men giving them co-ordinate status as proposed. Such an arrangement might be possible in the case of the absence of a Professor involving only tutorial work as in the case of Mr. Metcalfe's absence on leave but seems impossible in the case of an administrative head of an institution.

32) Secondly there is a mistake in the D.G.'s ~~reference~~ letter in referring to Messrs Dewal and Krishnalingar as "two Assistant Superintendents" of co-ordinate status. Mr. Dewal is an Assistant Superintendent in the grade Rs 200. 20. 300. while Mr. Krishnalingar is only a Sub. Assistant Superintendent in the grade Rs 100. 10. 150. It would therefore

Serial

not seem to be fair to the officer of the higher rank and status to be denied the chance of acting as Superintendent.

33) Since the arrangements proposed are of one year's duration or a little more and the Institute will be transferred to the control of the W. I & C since 1st July next that officer may also be consulted unofficially as the proposals of the I. G. I. are objectionable.

37) As regards the acting arrangements one alternative would be to put Mr Dewal in charge to act as suggested in the secret notes. Opinion about Mr Dewal's work is not very favourable & I am not sure of the desirability of putting him to act for Mr Alderton.

38) The administrative ^{accounts} side of the C.T. I is not in a very satisfactory condition & it would be well to appoint some one who can improve matters. I would suggest that Mr Krishna Sami Iyer - ~~the same~~ ^{the same} Mr Headmaster of the Engineering School - who will be set free on the transfer of the school to Bangalore from 1st July may be placed in charge of the Institute with specific instructions to attend to the business side of the Insty. & set things right.

The qualifications required for
the Supdt of the Chamber of
Industrial Institute are

- (1) A sufficiently detailed
acquaintance with the industries
in general to be able to supervise
the courses with efficiency
- (2) A specialized training
in one or two special Arts
to enable him to take part
in the general instructing
the Institute
- (3) Sufficient administrative
capacity to manage the
institute.

(7) It is difficult to
get a man who combines all
these three qualifications & we

have found by experience in
the case of Mr Alderton

I believe the J. & E
has given notice to Mr Dewal
and applications have been invited
to fill up the post of Asst. Supdt
If we can get a suitable man
he may be tried as a Superintendent
but I am not in favour of
experimenting with a new man.

As explained by Mr.
Balasubramanian the instruction is
at present attended to mostly
by the instructors and I am
not sure that the absence of
Mr Alderton as Mr Dewal will
materially affect the character
of the instruction as at present
imparted if the instruction has
got a good administrative head
to expect work and exercise
proper supervision.

57. In my opinion
we may invite applications
for the post of Asst. Supdt
and fix the salary from Rs. 200 to 400

according to instructions in the
place of his removal ^{so that} and if we
can get a suitable man in
the salary he may be tried in
his absence.

5) The most important
thing at present is to place
the administrative and business
side of this institution on a
proper basis. The Secretary recommended
of the I. G. & as I believe been
reverted to the P. D. I
can spare one of the Dept officers
for the purpose. Mr. Ramaswamy
B.A. B.L. Super of Andhra in 200-25,000
has had very good training in all
kind of work and having been
immediately associated with the
municipal work. He has also a
good knowledge of the carrying &
other work done in the P.D.
workshop. He has a good deal
of driving power. I hope to
suggest that he may at once
be posted to the institution to
acquaint himself with the

General Welling and assist Mr. Horton
 & myself for the present in the
 Business Management of the concern.
 If we get a suitable technical
 man with the necessary qualifications
 we may put him in charge.
 Otherwise Mr. Ramaswami may
 continue in charge until it is
 definitely known whether Mr. Horton
 is likely to return.

 about this when he came to me

 here about it yet. I understand that
 the Asst. Secy. Mr. Seval. has been served

 J. H. Es opinion that he has not proved the
 satisfactory. So it is best he goes. The Director
 on being questioned, assumed that Mr. Ramaswami

was not only a good technical man but has also aptitude for administrative work. It is reported on all sides that his administration of his district leaves much to be desired. So during Mr. Alderton's absence every effort should be made to thoroughly overhaul this branch of work & to put it on a satisfactory working basis by being entrusted to a man quite capable of the performance. In view of the Director's opinion, Mr. Ramaswamy may be tried. I am afraid the administrative proper may suffer & steps have to be taken to guard against this. I do not ^{on this point} know if Mr. Alderton has been consulted as to what his recommendations are. Of course unless a suitable man can be found the various sections will have to be run by the ~~in charge~~ in charge, & this, I am afraid, ~~will~~ ^{may} not be satisfactory altogether. It is necessary in the interests of the proper working of this district that of the two officers, Supdt. & Asst. Supdt. - one should be a technical man & the other an administrative man. For it is rarely that these two faculties are found well combined in any one individual.

Final Note by the First Member of Council.

Subject:—

1. Combined leave to Mr. H.G. Alderton, Superintendent, Chamara-jendra Technical Institute, and arrangements for charge of the Institution during his absence.

2. While sending up, for the orders of Government, Mr. Alderton's application for two years' leave from 20th September 1922, the Inspector General of Education stated that he was not in favour of recommending Mr. Alderton's request for being placed on deputation and proposed that, during Mr. Alderton's absence, his work might be divided between the two Assistant Superintendents, Messrs. Dewal and H. Krishnaiengar.

3. A reply was sent to the Inspector General of Education to the effect that Mr. Alderton would be granted combined leave for one year only, as it was not considered desirable to allow the Superintendent to be absent for more than a year leaving the institution in charge of his assistants and that his request as regards deputation should be declined.

4. As the Chamara-jendra Technical Institute had meantime come under the direct control of the Director of Industries and Commerce, (Vide Government Order No. 4666-80/Edn. 121-21-60 dated 20th June 1922), the opinion of the Director was invited regarding suitable acting arrangements. In placing his views before the Government, the Director has recommended Mr. S.V. Ramaswami, B.A., B.E., Superintendent of Industries to be posted at once to the charge of the Institute. Both the Inspector General of Education and the Director consider Mr. Dewal's work to be very unsatisfactory. So I think it is best that he goes. The Director assured me ^{on inquiry,} that Mr. Ramaswami was not only a good technical man, but, had also aptitude for administrative work. It is reported on all sides that the administration of this

Recd

this institute leaves much to be desired. During Mr. Alderton's absence, every effort should, I think, be made to thoroughly overhaul this branch of work and to put it on a satisfactory working basis by being entrusted to a man quite capable of the performance. It is necessary in the interests of the proper working of this technical institute that of the two officers - ^{the} Superintendent and the Assistant Superintendent - one should be a technical man and the other an administrative man, for it is rarely that these two faculties are found well combined in anyone individual.

4. ^{7/11} The subject was considered in Council at its meeting on the 31st ultimo and it was resolved that Mr. V. Ganesha Iyer be appointed to act for Mr. Alderton as the Superintendent of the Chamarajendra Technical Institute and Mr. H. Krishnaiengar as acting Assistant Superintendent in place of Mr. Dewal who, it is learnt, has been already served with a notice.

5. ^{7/11} Mr. Ganesha Iyer has since reverted to the Industries' and Commerce Department, after his temporary deputation to the University as Professor (Mechanical) in the College of Engineering, and Mr. Krishnaiengar - who has been in the Institute for some years now is considered to be good on the administrative side. Mr. S.V. Ramaswami has also been selected since, by the University for the staff of the College of Engineering in the Mechanical Branch.

6. ^{7/11} The recommendation of the Council may be graciously approved.

With His Highness' approval, Mr. V. Ganesha Iyer was appointed to act as Superintendent of the Chamarajendra Technical Institute, during the absence of the permanent Superintendent, Mr. H.G. Alderton, on Combined Leave granted to him in Notification No.1013/C.B.193-21 dated 31st August 1922.

2. The question of the salary to be given to Mr. Ganesha Iyer in his acting appointment as Superintendent of the above institute has now to be settled. To

Chief Secretary to the Government of

Sir,

I have the honor to submit herewith for favour of orders copy of letter No. P. 73/1 dated 12th January 1922 from Mr. H. G. Alderton, Superintendent, Chamarajendra Technical Institute, Mysore, applying for two years' leave from 20th September 1922 and requesting to place before Government his wish to study some special subjects, if possible during the period etc.. I may add here that I am not in favour of Mr. Alderton's deputation as there is not much chance of any costly developments of the work of the Chamarajendra Technical Institute in the near future. However during his absence, Mr. Alderton's work may be divided between the two Assistant Superintendents, Messrs. N.K. Dewal and H. Krishna Iyengar, with a suitable allowance in each case as the Government may deem reasonable. Mr. Dewal may be placed in charge of the Art Section and Mr. Krishna Iyengar of the Industrial section. I request that early orders may kindly be passed in the matter.

Copy of letter No. P. 73/1 dated 12th January 1922, from the Superintendent, Chamarajendra Technical Institute, Mysore, to the Inspector General of Education in Mysore, Bangalore.

I have the honor to submit my application for combined furlough leave of 2 years from the 20th September 1922, when I shall have completed 7 years of service.-

The period applied for is assessed as follows:—

Furlough	1 year	2 months
Privilege leave		4 months
Anticipatory furlough or deputation		6 months.

During my leave, in addition to my urgent private affairs, I wish to study, if possible, at either Birmingham or Manchester University, certain subjects ~~at~~ which I can use to good purpose on my return; also if it is the pleasure of Government to approve of the institution of an Art Pottery Section here I should wish to select the apparatus for a small enamelling and glazing kiln and study the preparation of and make arrangements for the supply of special glazes of expansion with our Mysore clays.

I have already had several years experience in Art Pottery and can show photographs of work awarded medals in various English National competitions.

I think this subject is the more important in the New Art Scheme submitted, but if any others are preferred by Government, I shall endeavour to study such subjects and make the necessary arrangements to open such new classes upon my return.

May I request you to kindly lay this matter before Government and acquaint me of their wishes at the earliest possible moment.

Thanking you in anticipation of your kind consideration.

Copy of letter No.P.2840 dated 18th May 1922 from the Superintendent, Chamarajendra Technical Institute, Mysore to the Inspector General of Education in Mysore, Bangalore.

Your letter C.4724-21-22 of 15 April not only causes me extreme disappointment but places me in difficulties.

On the one hand my mother, who is now nearly 70 years of age is urging me to return as early as possible stating that she has nearly reached the limit of her life and I must settle our family affairs which have got into difficulties since my departure and on the other hand my brother, my only brother, is returning to England about ~~November~~ November 1923 and as I have not seen him for 10 years, and may never again have the opportunity to do so, it is most necessary that I should be there at least a little while after his arrival.

I therefore request the Government may sympathetically reconsider my leave application and at least allow me to avail myself of the full leave at my credit i.e. one year and four months.

I would point out that there would be savings to Government during my absence, beneficial during this severe retrenchment season.

Kindly give me an answer at the earliest opportunity in ~~XXXX~~ order to allow me to make necessary arrangements.

My dear Sir,

Office of the
Director of Industries and Commerce,
"Rajawade" High School

Bangalore 27th July 1942

I am submitting herewith copy of a letter I have received from Mr. Alderton regarding the acting arrangements during his absence.

I do not consider Mr. Krishniengar quite competent to be in charge.

I have already noted my recommendations on the file. I have however since then recommended Mr. S. V. Ramaswami whose name I had suggested for appointment as Assistant Professor of Mechanical Engineering as he has no permanent place in the Department. It would facilitate my work - considerably if he can be appointed Assistant Professor and his services are lent to the Institute during Mr. H. G. Alderton's absence. If this is not feasible Mr. B. Krishnaswamiengar, B.A., L.C.E., who had previously acted as Secretary to the Institute may be placed in charge as he is one of the Officers who is familiar with the work

of

of the Institute.

Copy of D.O. letter dated the 21st July 1922, from Mr. H. G. Alderton, Superintendent, Chamarajendra Technical Institute, Mysore, to The Director of Industries and Commerce in Mysore, Bangalore.

Reference to your D.O. No. OC. 36 of 22-23 dated the 13th instant.

Regarding acting arrangements during my furlough, I think it very advisable to place Mr. H. Krishniengar in charge with assistance.

The work can only be carried on by some one who is entirely in consonance with all the present work and duties and who is interested in its continuance and development and in a position to be entirely responsible.

Mr. Krishniengar has been here for nearly two years and I have noted that he is scrupulous in the discharge of his duties, punctual and responsible and entirely cognisant with the work and aims of the school and workshop.

As his assistant, I propose that one of the best of the Superintendents who were recently trained here should be deputed, for I have noted from previous experience that officers deputed to take charge from other departments upon former occasions have only attended about half an hour per day to sign papers and sometimes have not attended at all. This I think causes a most serious loss to all school efficiency and prestige and I trust that such type of acting arrangements will not occur again.
